TUBELESS READY

What's in the box:	
→	Wheelset
→	Pre-installed tubeless tape
→	Pair of alloy tubeless valves
→	Tubeless installation instructions
→	High quality padded wheelbag

* Max. tires pressure is based on structural integrity of the rim. Always keep in mind the max. pressure of the tire.

** Weights may differ +/- 5% (due to handbuilding process of rims)

*** Interchangeable endcaps available for most common axle standards (5x100, 5x135 etc.)
